

# Vertical market preferences

The squares indicate the markets in which a company has superior expert knowledge. It leaves undiminished their wide, overall software development experience.

	No preference	Transport & Logistics	Healthcare & medical	Finance & banking	Utilities	Customer care	Education	Hotels and Restaurants	Travel	Wholesale & Retail	Insurance	Government & public sector	Telecommunication	Garments	Pharmaceuticals	Legal	Manufacturing	Airlines & airports	Logistics and distribution	Army & defence	NGO	Oil Petrochemical	SME general
